A day with Seerah Quest

Morning
Recite and add your count. Your goal bar starts to fill.

Daytime
Do the Sunnah of the day; tick it, share a photo.

Evening
Watch the lecture or write a reflection. A nudge if your streak still needs today.

Midnight
A new day begins, Pakistan time. Your streak grows by one.

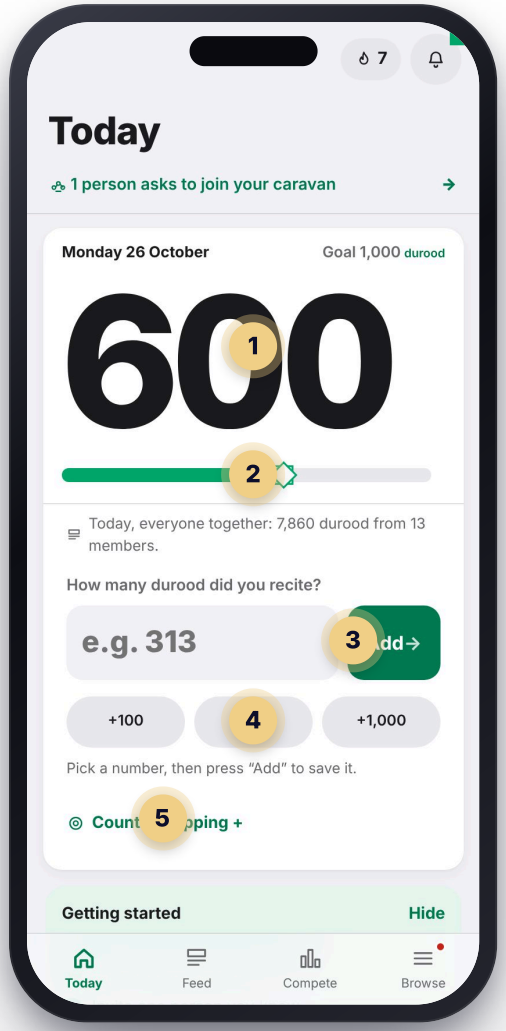

Invite-only and honest. You join with a member's username as your code. Every count is kept on a permanent record and shown as "reported by members".

01

DUROOD COUNTER

Three ways to add, one tap to undo

After you recite, add the number. Days follow Pakistan time, and your goal bar fills as you go.

1. **Today's number**
   Big and bold, rolling up as you add.
2. **Your daily goal**
   The bar fills; reach it and it bursts with a chime.
3. **Type a total, press Add**
   The main way: recite, then type how many.
4. **+100 · +500 · +1,000**
   Quick amounts that add up in the box.
5. **Count by tapping**
   A big button, one tap per durood. A buzz at every 33, a chime at 100.

Undo

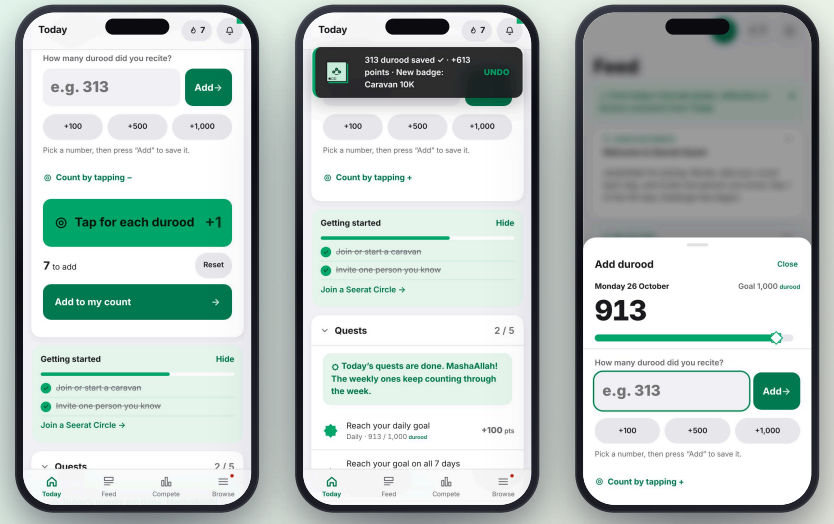

Added by mistake? Tap UNDO in the message, or edit today and yesterday in History.

Add from anywhere

The green + at the top opens the counter on any screen.

No signal? No problem

Your durood waits safely on the phone and is sent once, by itself, when you are back online.

Tap counter, Undo, and the + sheet.

Counts are on the honour system: recite for the sake of Allah and His Messenger ﷺ, not for ranking.

02

KEEP THE HABIT

Streaks, quests, points and badges

Small encouragements that make tomorrow easier than today.

7

Day streak

Days in a row you recited. A gentle nudge if today is still empty, firmer after 6 pm.

Streak shields

One for every 7-day streak. It saves your streak if you miss a day.

Daily & weekly quests

Reach your goal, recite on 5 days, invite someone. Each shows the points it pays.

POINTS YOU EARN

SUNNAH & SEERAH

Live one Sunnah. Learn one lecture.

Under the counter on Today, every day: a Sunnah to do, the lecture of the week and a moment to reflect.

Sunnah of the day

Read it with its source, do it, tick it **+20**. Add a photo of the Sunnah itself **+40**: no faces, location removed.

Lecture of the week

Watch in the app, answer the quiz, claim **+150**. Then leave one comment **+20**.

The Feed

News, reflections, photos and milestones. Like, reply, say MashaAllah, or report.

Watch → **Answer** → **Claim** → **Comment**
